Subject: Notification per PRN 98-10 – Added color descriptors, a warranty statement, a medical contact number, and updated the disposal directions
Product Name: Sigma X075
EPA Registration Number: 7313-26
Application Date: 8/9/16
Decision Number: 520325

Dear Ms. Perkinson:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Aline Heffernan at 703-347-8602 or via email at heffernan.aline@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Julie Chao".

Julie Chao, Product Manager 33
Regulatory Management Branch 1
Antimicrobials Division (7510P)
Office of Pesticide Programs

NOTIFICATION

7313-26

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

This product is intended to control attachment of barnacles, mussels, snails, tube worms, algae, slime and other marine fouling organisms on vessel hulls in salt and freshwater environments. Not for use on pleasure craft.

SURFACE PREPARATION

Surface to be painted shall be free of dirt, oil grease and other surface contaminants. Apply over a suitable primer system or clean, intact, existing antifouling coating. For recoating of approved systems, the antifouling substrate should be cleaned by means of low pressure water cleaning (1500-3000 psi). Corroded or damaged areas should be blast cleaned and repaired according to the original specification. Substrate temperature should be at least 5°F (3°C) above dew point.

APPLICATION INSTRUCTIONS

- Can be applied by brush, roller or airless spray.
- Clean all application equipment with Sigma Thinner 21-06.
- Stir material thoroughly and continue stirring occasionally during application to ensure pigment suspension.
- Thin only for workability using no more than 0-2% thinner.
- Apply a wet coat in even brush or roller strokes or spray passes, building the wet film thickness to achieve the recommended dry film thickness. Allow 4 hours dry time at 77°F (25°C) between coats. Allow 10 hours dry time at 77°F (25°C) before launching.
- Clean application equipment immediately after use with Sigma Thinner 21-06.

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE STORAGE

Keep container closed when not in use. Avoid storage where the product may become contaminated or containers damaged. Store between 40 and 110 degrees F.

PESTICIDE DISPOSAL

Pesticide wastes are toxic. Improper disposal of this product, spray mixture, or its rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or Regional EPA Office, Hazardous Waste.

CONTAINER DISPOSAL

METAL CONTAINERS: Nonrefillable container. Do not reuse or refill this container. Prior to container disposal, allow any remaining paint residue in the container to air dry. Dispose of the container in accordance with federal, state or local disposal regulations.
